

# Primitive Pursuits

**Urban Forest Adventures!**

At Fall Creek Elementary  
After school March 16th, 23rd, 30th  
2pm - 4pm

Primitive Pursuits offers experiential environmental education programs for hundreds of local youth, helping them to put into practice critical life skills, and to realize their direct impact as caretakers of the Earth. Our curriculum offers lessons in ecology, environmental literacy, natural history, and peer mentoring - in the context of wilderness survival and ancestral living skills. This model has proven to be an effective way to bridge the growing gap between our modern culture and the natural world that sustains us.

**For Information or to Register please contact Darcy Bedore @ [nycricket@aol.com](mailto:nycricket@aol.com) or by phone at 273-9981  
Cost: \$40—\$65 (self determined sliding scale)**

**Mark your calendars!**  
**Primitive Pursuits Spring Camp**  
**April 5th—April 9th**
